

Member CRUD Responsibilities

Food Donation Platform | Implementation summary | 9 October 2026

CRUD: Create, Read, Update, Delete. This report describes the currently implemented responsibilities of the four roles.

1. Restaurant Owner

Create	Publish surplus food donations with quantity, pickup location, and collection deadline.
Read	View own donations, collection progress, history, statistics, and notifications.
Update	Edit personal information and preferences. Donation editing is supported by the backend; frontend controls are pending.
Delete	Remove a profile photo or delete the account. Donation deletion is supported by the backend; frontend controls are pending.

2. Household Donor

Create	Publish household food donations with food details, quantity, pickup location, and deadline.
Read	View own donations, donation details, history, collection progress, and statistics.
Update	Edit published donations, personal profile details, and preferences.
Delete	Delete own published donations, remove a profile photo, or delete the account.

Shared Account CRUD - All Members

Create	Register an account, upload a profile photo, and submit support requests.
Read	View personal information, statistics, preferences, and notifications.
Update	Edit name, email, phone, location, profile photo, and notification preferences.
Delete	Remove a profile photo or delete the account after password confirmation.

Coordination & Collection Roles

NGOs coordinate donations. Volunteers carry out pickups and deliveries.

3. NGO

Create	Save donation rejection records and submit support requests.
Read	View available donations from restaurant and household donors, available volunteers, accepted donations, and collection progress.
Update	Accept donations, assign available volunteers, edit profile details, and update preferences.
Delete	Remove a profile photo or delete the account. NGOs cannot delete donors' donations.

4. Volunteer

Create	Add pickup notes or progress updates and submit support requests.
Read	View assigned pickups, donor and NGO details, pickup locations, activity, and notifications.
Update	Change availability, pickup preferences, profile information, and collection status.
Delete	Remove a profile photo or delete the account. Volunteers cannot delete donations or assignments.

Current Restrictions & Remaining Gap

1. Donors can edit or delete donations only while their status is **Published**.
2. **Restaurant frontend gap**: Donation Edit/Delete buttons are not connected yet, although both backend APIs exist.
3. NGO rejection saves a rejection for that NGO. It does not delete the donation or prevent another NGO from accepting it.
4. Volunteers advance collection status in order: **Assigned -> Pickup Started -> Arrived -> Collected -> Delivered**. NGOs track these updates.
5. Account deletion is blocked during active donations or pickups. Completed history remains with anonymized account details.
